

Established: 2004
Employees: 80

Small Business
Cage Code: 3MBC1
UEI: N5J5RN17APJ9

Core Capabilities

Data Modernization and Analytics
Cybersecurity
Cloud Services

Contract Vehicles

DIA SITE III
DIA Data Management (Sole-Source)
OASIS+ SB

NAICS Codes

541330	541519
541511	541611
541512	541618
541513	541990

Supported Agencies

MPO	DoD
DIA	AF

DATA MODERNIZATION AND ANALYTICS

- Cloud data lakehouse architecture
- Advanced metrics-based analyses to facilitate smarter, faster data driven decisions
- Process automation
- End-to-end systems engineering
- Integrated governance policies per customer guidance
- Data mining
- Natural language processing
- Artificial intelligence and machine learning
- Data minimization and tagging

CYBERSECURITY

- Zero Trust security framework
- Threat modeling
- Data protection
- Information assurance, including computer network defense
- Threat Intelligence-as-a-Service (TIaaS)
- Continuous monitoring
- Information security gap analysis
- Cyber compliance, including independent 3rd party assessments and audits
- Control mapping
- Secure mobile workforce
- Certified Information Systems Security Professionals (CISSP)

CLOUD SERVICES

- Holistic enterprise-wide strategy to cloud development
- Continuous delivery cycles for system and cloud-based services for Infrastructure-as-a-Service (IaaS), Software-as-a-Service (SaaS); Platform-as-a-Service (PaaS); Containers-as-a-Service (CaaS); Edge-as-a-Service (EaaS)
- Advanced, metrics-based analyses and analytic methodologies into cloud architecture
- Zero Trust cloud architectures
- Automation of security best practices
- Cost effective multi-cloud solutions
- Integration of governance policies per customer guidance
- Cloud experts with industry certifications from AWS, Azure, Apache Hadoop, Red Hat
- Actively involved in IC Cloud development within IC ITE and C2S
- Cloud partners: Amazon Web Services, Microsoft, Oracle
- Virtual environments provisioning

COMPANY DATA

Headquartered in Columbia, Maryland
Currently operating in Maryland, Virginia, Florida, and Texas
Ability to support OCONUS work
Top Secret Facility Clearance
TS/SCI + FS Poly Personnel
DCAA approved accounting system

PROOF POINTS

Data Lakehouse Solution – Support all-source data analysis and advanced artificial intelligence and machine learning capabilities that can be leveraged by all branches of military service, Combat Support Agencies, and Combatant Commands

Virtual Personal Assistant Prototype – Functional research prototype to capture analytical thought processes using VPA technology powered by natural language processing and artificial intelligence to aid analysts

IC ITE and C2S – Actively involved in IC Cloud development within IC ITE and C2S

PROGRAM MANAGEMENT

- Prime experience for multiple IC and DoD agencies
- Experienced back office support
- Task order management
- Contract transitions and risk minimization
- Project Management Professional (PMP) certification
- Agile software management
- Scrum Alliance Certified Agile Leadership (CAL) certification

STAFFING FOR SUCCESS

Red Arch Solutions provides cleared personnel with the right skills, education, and experience to best support the customer and the mission.

We invest heavily in our employees through education, training, and career development. We believe people perform best when they are engaged and challenged.

94% of employees are cleared.
